GEN. CRONJE COMMANDS IN ATTACK UPON KIMBERLEY.

Reports That the Boers Have Also Occupied Kripdam and Mafeking, North of Kimberley—No Verification of Any of These Boer Victories—Navy Order Issued by England Marked Urgent—General Symons is Improving—British Loss at Ladysmith—Kitchener Expedition Has Been Abandoned.

London, Oct. 25.—[Special Cablegram to The Gazette]—A report was received here this morning from official sources at Cape Town, that Kimberley had been shelled and that the besieged garrison had sent a flag of truce to the Boers. Wires are now down and it has been impossible to confirm the rumor.

Mafeking and Kripdam Also Taken. Cape Town, Oct. 25.—[Special Cablegram to The Gazette]—It is reported that the Boers have occupied Kripdam, between Kimberley and Mafeking and made two Englishmen prisoners. Fears are entertained that Douglas town farther west, now asking for assistance, will be occupied next.

The Boer army which is reported to have taken Kimberley and threatening the towns near it, including Mafeking on the north, is commanded by Gen. Cronje, one of the fiercest warriors and most able generals in South Africa. He is aggressive and desperate and it is believed here that both Kimberley and Mafeking have fallen into his hands. These reports, however, still lack verification.

Boers Advance on Kimberley. London, Oct. 25.—The Daily Telegraph publishes this dispatch from its special correspondent:

He has left a small command investing Mafeking. The Free State Boers are moving westward in order to join Cronje for an attack on Kimberley."

SUFFERING AT SEA

Returning Alaskan Gold Hunters. Half Crazy With Hunger and Sickness and Reduced to Skeletons.

Seattle, Wash., Oct. 25.—Half crazed and reduced to skeletons by hunger, thirst, fevers and exposure, nearly 200 passengers from Cape Nome, Alaska, gold fields arrived here last night on the schooner Hera. They reported two deaths during the voyage of twenty-eight days, both the victims being men who were in sound health when they came aboard the vessel. The dead men who were buried at sea were J. S. Ryan and George Lamby.

The passengers say they were grossly deceived as to the fitness of the schooner to care for them. Several passengers were so weakened by the terrible experience that they had to be carried ashore and taken care of.

But severe as the journey was and in spite of the difficulties and hardships, undergone at the gold fields, the passengers unite in declaring Cape Nome to be the greatest camp on earth, and many of them will return in the spring.

GO TO JAIL FOR A KISS

Yale Student and a Young Lady Arrested and Locked up by New Haven Police.

New-Haven, Conn., Oct. 25.—Judge Dow of the local city court today sentenced a Yale student giving his name as Stephen O. Lawrence, and a girl calling herself May Carroll, to fifteen days in the county jail for kissing each other on the public street last night. Lawrence and his companion had just stepped into the glare of an electric light from a cafe when they were seen to embrace and kiss each other. A policeman at once arrested them with the result that the jail sentence was imposed in the city court this morning.

Lawrence's lawyer found a loophole of escape and secured \$300 bonds for his client and the girl. The prospect is that instead of receiving the jail sentence the accused will pay the \$300 for the kiss. The sentence is not a test of the famous Connecticut blue laws, but the result of a recent police edict.

SAID TO HAVE AT LEAST 42 WIVES

CHAMPION BIGAMIST OF THE COUNTRY IN CHICAGO.

Has Eleven Wives in Europe, Four in China Three in Paris, One in England, Three in Germany and Two Dozen or More in This Country—A Queer Character.

Chicago, Oct. 25.—Bigamist Walter L. Farnsworth leaned against the bars of his cell and chewed the end of a bad stogie. "Four wives, that's all," he said. "I'll not confess to another one. I have only four living. That talk about me having forty-two is all nonsense."

Just then the lockup keeper came along and stopped before the cell. "Say, Farnsworth," he said, "what have you been trying to do, beat the Sultan of Sulu?"

Farnsworth laughed so heartily that he dropped the end of the stogie and had to grope around on the cement floor for it.

The police say that Farnsworth will be proved the champion bigamist of the country before their investigations are ended. They have already scored up forty-two better halves against him, and they are continuing their work. The officers say that in China and in the islands of the archipelago the brown-eyed candy salesman bought wives in half-dozen lots and that he has married women pretty much all over the United States.

"Why did I marry so many times?" he asked. "Well you see I am a domestic sort of a man and wanted a home. That is, I married for a home."

"But did you need so many homes?" was asked.

Farnsworth turned impatiently from the bars and walked to the other end of the cell.

"You reporters worry the life out of me," he ejaculated angrily. "I wish you would go away and let me alone."

In a moment he was back at the cell door talking quietly of his matrimonial difficulties.

"That Mrs. Mears is the whole cause of the trouble," he said. "No man could live with her. She dived the life out of me and it is her that has put me here. It's no wonder that I left her. I will tell you that I was married in Chicago in 1886 and my wife died here two years ago."

In the forenoon yesterday Farnsworth said he had eleven wives in Europe, four in China, three in Peru, one in England and three in Germany. In the afternoon he denied all this, remaining firm in the declaration that he had but four. The police declare Farnsworth has fourteen wives in Utah, four in Little Rock and eleven in Chicago.

There was a scene in Inspector Hartnett's office when Mrs. Mears, Mrs. Ayers and Mrs. Peppinger met to identify the prisoner. They laughed and cried and denounced their husband, and then Mrs. Ayers threw her arms about his neck and declared that whatever he had done she loved him still. Farnsworth returned the evidences of affection and announced that she was the only one he sincerely loved.

Farnsworth says he is 57 years old, but he does not look it. He is rather under medium height, solidly built, square shouldered and slightly gray. His cheeks have a healthy color and his brown eyes are rather fine. There is nothing boastful in his attitude. He talks quietly of the matter and says he is glad the trouble all came "in a bunch." He admits that the case is against him but says he is ready to take his punishment.

Washington, Oct. 25.—[Special Telegram to The Gazette]—President McKinley's Thanksgiving proclamation was issued today. He says:

There were twenty freshmen tied up in various parts of the city, but no one was hurt, and no arrests were made.

ANXIETY OVER OHIO ELECTION

Strength of "Golden Rule" Jones Feared by Both Parties.

Washington, D. C., Oct. 25.—Private information received here from Ohio indicates that both parties are much disturbed by the strength which "Golden Rule" Jones is developing. Republicans and democrats concede that Jones will poll from 75,000 to 100,000 votes, but neither side can figure as to where these votes will come from or which party will suffer most from Jones' candidacy.

The democrats argue that as Jones' strength, so far, has been in northern Ohio, the republicans will be the greater losers, but they cannot tell whether these votes in the northern part of the state, which are going over to Jones, were counted for the democratic or republican ticket last year and in 1897.

General Grosvener concludes that Jones will have a heavy vote, and that his vote is liable to decide the result of the election. He has been unable to figure which party will lose most of it.

BLOODY FEUD RAGING

Terror Reigns in Clay County Kentucky—Governor Will Send Troops to Restore Order.

Lexington, Ky., Oct. 25.—[Special Cablegram to The Gazette]—Three companies of state guards are being prepared for service in Clay county.

London, Ky., Oct. 25.—Five more men have been reported killed within the last four days by participants in the Baker-Griffin-Philpot feud, and terror reigns in Clay county. Judge Eversole has fled from the county seat, fearing to hold court, and the governor has been asked to send troops at once to restore order.

Jim Bob Travis was killed Saturday at Hamlet postoffice. His slayers have not been discovered. His body was found in a well.

Four men shot to death from ambush is the record for today and yesterday.

One of the Philpot faction was ambushed and killed on House branch of Horse creek today as he was coming from the Pigeon Boost district to attend court.

A clash between the Baker and White factions occurred on Sexton's creek. Particulars have not yet been received, but it is reported that two men were killed.

Both the Philpots and Griffin factions at Manchester are in small armies, heavily armed. Some of the leading attorneys appealed to the citizens to protect the court and let justice be unhindered. Many families have fled in the last few days. The Philpots openly accuse the White faction of having stolen the record of the evidence of the examining trial of the Griffin faction, as it has disappeared.

CANADA GIVES IT UP

England Wants An Alaska Seaport So Bad It Is Ready to Arbitrate Boundary Line.

London, Oct. 25.—Canada's final proposition for a permanent settlement of the Alaskan dispute has been made public. It is very different from her former demands. It is as follows:

"That the boundary line be arbitrated upon terms similar to those imposed by the United States and Great Britain over Venezuela, particularly those provisions making fifty years occupancy by either side conclusive evidence of equity, occupancy of less than that period to be taken as equity allowed under international law.

"That as a condition precedent to and absolutely preliminary to arbitration, Skagway and Dyea would be conceded to the United States without further claim if Canada received Pyramid harbor.

In other words, Canada gives up much of the disputed gold country in return for a seaport, but stipulates that she must get the latter before she agrees to arbitrate the boundary line.

The Canadian statesmen heretofore have insisted that the United States must first be ceded to the United States before further treating on the subject, and this sudden change of front and the concession of two such important points are apparently intended as a coup, and Mr. Choate was found to a certain extent unprepared. The only reply he could make was that he would inform the authorities at Washington and await their advice, as his instructions did not contemplate such a change of base by Canada.

## NO ILLEGAL WORK IN THE FUTURE

Mayor and Council Put a  
Stop to Charter Viola-  
tions as "Repairs."

SECOND WARD ALDERMEN ARE  
CALLED TO TIME.

Work on Fourth Avenue is Done in  
Excess of the Authority Given, and  
a Breach of Faith, as It Had Been  
Promised That Such Improvements  
Should Be Charged to the Property  
—"Blanket Orders" Are Barred in  
the Future.

Mayor Richardson and members of  
the common council went on record as  
carrying out their promises last night,  
and put a stop to illegal street work in  
the future in a most decisive manner.

The question came up because of the  
fact that the second ward aldermen  
were making extensive and expensive  
improvements—building a new street in  
fact—on an order calling for "repairs." As  
the council had voted to do all such  
work at the expense of the property im-  
proved, it was held to be bad faith to  
allow the fourth avenue job to go fur-  
ther. As the work was being done in  
direct violation of the charter, Mayor  
Richardson put a stop to it on Monday,  
and called a special meeting of the coun-  
cil.

All "blanket orders," calling for work  
under the direction of the aldermen of  
the ward, are held to be illegal, and will  
be killed off in the future.

When the matter of street work was  
reached Alderman Gilkey introduced the  
following resolution:

Whereas, an order was adopted by  
the common council, on the 11th day of  
September, 1899, directing the street  
commissioner to repair Fourth avenue  
under the direction of the aldermen of  
the ward; and

Whereas, it was not intended by the  
common council to macadamize said  
street, but merely to put the same in  
proper condition for traffic as ordinarily  
understood by the term repairs;

Now, therefore, be it resolved by the  
common council that said order be and  
the same is hereby repealed.

Richardson Stopped It.

Mayor Richardson said he had put a  
stop to the work. He further stated  
that it looked very much as though the  
second ward aldermen had gone far be-  
yond their authority in the matter of  
expending the fund. Instead of repair-  
ing the street they had rebuilt it—and  
made it the best macadamized street in  
the city.

Alderman Peters said that the street  
was being repaired in a way that would  
prove economical in the end.

Mayor Richardson then stated that  
repaving a street meant its improve-  
ment with the same grade of material  
of which the street was made.

Clerk Badger read a copy of the order  
passed Sept. 11, which ordered that  
"Fourth avenue be repaired from Bluff  
street to the top of the hill under the  
direction of the aldermen of the ward."

Alderman Peters then called for the  
original order, but Mayor Richardson  
informed him that that order made no  
difference as the council had promised  
the taxpayers last spring that all per-  
manent improvements would be taxed  
to the property and in the case of  
Fourth avenue the council was not liv-  
ing up to its agreement.

Gilkey's Resolution Adopted.

Ald. Gilkey's resolution was adopted  
by a vote of 8 ayes to 1 no, Ald. Peters  
voting no.

Ald. Gilkey introduced the following  
resolution, which was adopted unani-  
mously:

Resolved, by the common council, that  
the word "Repair" wherever used in any  
order or direction to the street commis-  
sioner in relation to the doing or per-  
forming of any work on the streets,  
shall be deemed and understood to mean  
whatever is necessary to restore the  
street to a proper condition for traffic  
thereon, having regard for the character  
and original manufacture of the street,  
and not in the nature of a permanent  
improvement.

That the city clerk be and is hereby  
directed to serve upon the street com-  
missioner a copy of this resolution.

Diggers Give Bonds.

Alderman Kothman spoke of the way  
in which the streets were being dug up  
for the purpose of putting in sewers,  
water and gas pipes.

He said that in some places where holes  
were dug ten feet deep no tamping had  
been done until the hole was nearly  
filled.

On motion of Ald. Kothman the matter

requiring those who dug up the  
streets to give a bond was left in the  
hands of the highway committee to  
report at the next meeting. Plumbers  
who excavate in the streets will be re-  
quired to give bonds for the proper  
replacing of the street.

Bids Are Considered.

Clerk Badger presented the report of  
the street assessment committee, with  
sealed proposals for furnishing all  
material and doing the work necessary  
to improve South Main street from Car-  
rington street to Sharon street; South  
Second street from South Main street to  
the Wisconsin street, and South Jack-  
son street from Dodge street to Pleas-  
ant street. Following were the bids:

South Main Street.  
H. Watson, Janesville, \$2336.41  
Jas. Cape & Sons, Racine, 2550.08  
South Second Street.  
Jas. Cape & Sons, Racine, \$2705.64  
South Jackson Street.  
Jas. Cape & Sons, Racine, \$1099.25

The committee reported that owing  
to the lateness of the season the work  
on South Second and Jackson streets  
should go over until next spring.

The committee further reported that  
they had awarded the contract for do-  
ing the work on South Main street to  
J. H. Watson.

Alderman Gilkey said that yesterday  
he looked for two hours for Chief of  
Police Hogan, but was unable to locate  
him.

Aldermen Carpenter, McLean and  
Fifield were absent from last night's  
meeting.

no decision has been reached in refer-  
ence to the vacant brigadier general-  
ship in the regular establishment re-

choice has not been announced.

Entertain—Other Social Doings.

Good Templars made merry last even-  
ing with an excellent program and the  
serving of a repast in honor of the  
twenty-fifth anniversary of People's Lodge  
No. 460, Independent Order Good  
Templars. F. O. Humphrey presided  
and Rev. W. A. Hall opened the program  
with prayer. Miss Bessie Graves re-  
cited "The Bridge of Muskets."

J. A. Caniff then gave a brief history  
of the order: This order was formed on  
the 24th of October, 1879, by Rev.  
Sewell, who was its first chief templar,  
the lodge had initiated over 2,000 mem-  
bers during its existence. The lodge  
now has 65 members, two of whom, the  
speaker and his wife, were charter mem-  
bers. Mrs. Caniff was the first worthy  
vice templar.

Mrs. George Blay followed with an  
organ solo that was liberally applauded.  
Rev. W. W. Woodside made a short, but  
to the point, address. Miss Gertrude  
Matheson then gave a humorous recita-  
tion followed by a written paper on  
Samuel D. Hastings presented by Miss  
Matie Humphrey.

Rev. Henry Sewell of Evansville, then  
gave a talk that was instructive and  
pleasing. Mr. and Mrs. J. A. Caniff  
were presented with two neatly  
bound books as a token of the esteem of  
the lodge which they have served since  
its organization. Rev. Sewell pro-  
nounced the benediction and an informal  
social time followed.

Gave Card Party.

At Columbia hall last evening many  
couples were in attendance at the second  
card party given by the Woman's Cath-

spent in playing progressive cinch. The  
first prizes were awarded to Delia Dillon  
and John Daley, while the consolation  
prizes went to Julia Murphy and Willie  
Hogan.

N. O. W. Club Dance.

At East Side Odd Fellows hall last  
evening a large and merry crowd of  
dancers were in attendance at the open-  
ing N. O. W. club party. Smith's or-  
chestra furnished music, and it was 1  
o'clock when the last waltz was played.  
The N. O. W. club have good reason to  
feel proud of their opening party, which  
was all that could be desired. A series  
will be given this winter.

Surprise Party.

The Prospect avenue home of Mr.  
and Mrs. Clair D. Capelle was invaded  
by a merry crowd last evening, who sur-

News From Porter

Porter, Oct. 25.—Mr. and Mrs. Frank  
Boss were guests of the former's par-  
ents in Emerald Grove, Wednesday and  
Thursday of last week. B. Farrington  
lost one of his horses recently. Invita-  
tions are out for a dance in Porter band  
hall on Friday evening of this week.  
Barrett & Nichols are trying their new  
corn shredder this week. Most of the  
farmers are busy husking corn. At-  
torney Claude Hendricks of Janes-  
ville, visited his parental home here on  
Tuesday. D. Murphy and son of Ore-  
gon, visited relatives here the first of  
the week. Wm. Dooley of Dayton, is  
visiting his son Stephen. Masters Joe  
and Jamie Casey of Janesville, rode  
their wheels out Sunday and spent the  
day with relatives. Auctioneer W. T.  
Dooley of Janesville, was a caller one  
day last week. He reports the auction  
season booming. W. Vale took his gun  
and went hunting last Sunday in the  
vicinity of Gibbs Lake. Failing to re-  
turn in the evening, his employer  
aroused the neighbors and a useless  
search was kept up most of the night.  
When the next day was advanced it was  
thought best to drag the lake, but be-  
fore doing it some one proposed calling  
at Mr. Sperry's, a few miles distant,  
where the lost man was found helping  
the people thresh.

## BEGIN THE WAR AT ILOILO.

Filipino Detachments Fire on American Outposts.

## FIERCE FIGHTING EXPECTED.

Movements of the Rebels Designed to Alay the Disaffection of the Visayans—Gen. Otis Establishes Censorship on Manila Newspapers.

Manila, Oct. 25.—Iloilo is stirred up by the expectation of important fighting. Gen. Pulion began "unrolling the bloody scroll," as he promises his followers in a recent speech, by firing volleys at the American outposts nightly. Since Sunday reinforcements have been arriving from the north. This activity is designed to divert the Visayans from their dissatisfaction against the Tagalos. Aguinaldo has ordered the release on parole of Areneta and other Visayan leaders, who are disposed to negotiate for peace, and is watching them to prevent further negotiations.

The Fourth Infantry reconnaissances about Imus found that the insurgents had returned to Perez Dasmariñas. Their bugles blew when the Americans approached. It is reported that they are reorganizing at Malabon and other towns. The leading inhabitants of that section have requested Major Gen. Otis to garrison the towns, because the insurgents are living off the people. Sufficient troops are lacking for this.

Gen. Otis has prohibited the local papers from printing the arrivals, departures or any movements of troops. Aguinaldo, if he is a student of the Manila papers, has been kept posted as to the whereabouts of every company in the army.

The news that the Spaniards attempted to surrender the rebel artillery at Santa Rosa has reached Tarlac, and has spread through the country. The Filipinos are taking vengeance on the prisoners by curtailing the few privileges they had.

Garrell, a musician of the band. Nearly all are convalescent.

Chicago, Oct. 25.—The grand commandery of Knights Templar of Illinois held its forty-third annual convocation in the Masonic Temple yesterday. Sixty-six sub-commanderies were represented. McPatrick, Chicago, was chosen grand commander.

## For a Higher Price on Shoes.

Boston, Mass., Oct. 25.—The national convention of shoe manufacturers was opened Tuesday by President Thomas James of Cincinnati, 200 members being present. It was voted to hold the annual meeting in Boston in August next. ## DEWEY LIKES HIS NEW HOME.

Inspects House in Washington, Which Will Be Purchased for Him.

Washington, Oct. 25.—Admiral Dewey Tuesday made a final inspection of the house selected to be his future home, accompanied by its present owner, Mr. James E. Fitch, and expressed his full satisfaction with the house and its furnishings.

THE ADMIRAL'S HOUSE.

Insights. Assistant Secretary of the Treasury Vanderlip has received the abstract of title and will submit it to the solicitor of the treasury, upon whose report, if favorable, the money will be paid over and the transaction closed.

It is stated that Admiral Dewey will probably remain in his present quarters at the Everett until the end of the month. His son is expected to visit him about the time he takes possession of his new house.

The house, at 1747 Rhode Island avenue, N. W., is splendidly adapted to the admiral's needs, being only a short distance from the white house and navy department, and even closer to the leading clubs.

It is the intention of Admiral Dewey to start from Washington late in February or early in March for a trip through the south, occupying ten days or two weeks, and including visits to New Orleans, Mobile, St. Augustine, Jacksonville, Atlanta, and intermediate points. A month or two later, according to his present intention, he will start on a tour of the northwest, including Chicago, Minneapolis, Milwaukee and St. Paul. These trips are to be made for the purpose of accepting numerous invitations and fulfilling engagements which, on account of ill health, he has recently been obliged to postpone.

## Heaviest Field of Corn.

Omaha, Neb., Oct. 25.—The annual crop report of the Bee, compiled from reports of special correspondents in every county in the state, show that the corn crop of 1899 exceeds the record of the best previous year by 14,217,240 bushels. Previous to 1899 the greatest corn crop was two years ago. The figures show that the crop of 1899 reaches the enormous figure of 244,125,093 bushels. The average yield per acre is 34.5 bushels, and the quality of the crop is excellent except in very limited portions of the state, where hot weather in August damaged it somewhat. The crop is not only the largest, but taken as a whole is of as good quality as any ever raised in the state.

## Miners Home from Gold Fields.

Seattle, Wash., Oct. 25.—Half-crazed and reduced to skeletons by hunger, thirst, fever and exposure, nearly 200 passengers from the Cape Nome (Alaska) gold fields arrived here Tuesday on the schooner Hera. ## French War Office Changes.

Paris, Oct. 25.—Gen. Lucas, who was commander of the troops at Rennes, has been nominated a member of the superior council of war, and it is rumored that De Gallifet has been asked to exchange the portfolio of the war office for the governorship of Algeria, in which case either Millerand or Culeysse will take the war portfolio.

## Sir Julian Pauncefote's Title.

Sir Julian Pauncefote's title in the peerage will be Baron Pauncefote of Preston, in the county of Gloucester, England. His father was Robert Pauncefote of Preston Court. The name was originally Pauncefote, and is still so spelt by another branch of the family, of whom Sir Everard Pauncefote-Duncombe of Great Brickhill Manor, Blatchley, is the present representative. An ancestor of both families was Sir Grimbold Pauncefote of Hasfield. An earlier ancestor, Richard Pauncefote, according to Camden, "built a fair house at this Hasfield called Pauncefote Court, and his ancestors were possessed of fair lands there in the Conqueror's time." The name comes from the French Pensefort. In Crickhowell Church is a recumbent statue of Sir Grimbold Pauncefote and his wife, dated 1303, and a notice that the church was built and the effigies put up by Lady Sybil Pauncefote, in memory of her husband, Sir Grimbold.

**WINE OF CARDUI**

**A SURE MEDICINE.**

HANDSON, VA., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

**Wine of Cardui**

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the female organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

## HARNESS MAKERS HAVE FORMED UNION

STARTS WITH MEMBERSHIP OF  
TWENTY-ONE.

Rousing Meeting Held Last Evening in  
Labor Union Hall—Peter Alt of  
Chicago, Presided, and Gave an Ex-  
cellent Address—Other Members  
Will Soon Join.

At Labor Union hall last evening  
rousing meeting was held which resulted  
in the forming of the Harness Makers  
Union of Janesville.

Following are the officers elected:  
President—S. C. Baker.  
Vice President—Albert Reader.  
Secretary and Treasurer—Gustave  
Martin.

Recording Secretary—Fred Schwarz.  
Marshal—Henry Techman.  
Chaplain—Edward Wilt.

At the meeting last evening Peter Alt  
presided and explained the workings  
and good to be derived by both the em-  
ployer and the employee by the formation  
of a union. At the close of his excellent  
address twenty-one members signed the roll.

Others expect to join later and the  
union is now in a flourishing condition.  
Labels will be placed on all harnesses  
made by the union. Mr. Baker, the  
newly elected president, has but recently  
moved to Janesville from Milwaukee.

He is a most competent man in the  
harness manufacturing business and is  
well informed in Union Labor affairs.

Mr. Alt, who formed the local union,  
has been making Chicago his home only  
moving here a few days ago.  
"The object of the union," said a  
prominent leather worker today, "is  
merely to better the conditions of the  
leather workers. Their advancement,  
socially, by advocating a closer relation-  
ship and by endeavoring to bring all  
leather workers together in one grand  
order; morally, by advocating such  
department that none need be ashamed  
to be found in our company; and intel-  
lectually by teaching its members the  
grand principle of trade unionism, frater-  
nity, etc."

## MRS. SHERMAN IS IN CHARGE

La Prairie Mission School Has Been in  
Flourishing Condition

At the La Prairie Grange hall last  
evening an evening meeting was held  
under the auspices of the La Prairie  
Mission school. The occasion was a  
farewell meeting that marked the close  
of a most successful series of meetings  
conducted by Supt. Mrs. Sherman of  
this city.

The average attendance during the  
meetings has been seventy-six and \$90  
has been collected. J. T. Wright and  
Mr. and Mrs. John Nicholson were in  
attendance from this city. Twenty  
bibles were awarded as prizes to the  
twenty members having the best stand-  
ing. An excellent repast was in order  
presided over by Mrs. Gleason and Miss  
Scott.

## DANCING PARTY IN ARMORY

be given in the Armory on the evening  
of Wednesday, November 8.

been engaged and the hall will be elab-  
orately decorated.

## FROZEN FOOD INDUSTRY.

Remarkable Increase in the Business in  
the Last Decade.

From the Indianapolis News: Frozen  
food plays a part in the English econ-  
omy that we in this country do not re-  
alize, although we are all familiar  
enough with cold storage houses and  
refrigerator cars. In 1880 London re-  
ceived its first consignment of 400  
frozen carcasses of Australian sheep.  
In spite of the prejudice against it, the  
traffic has grown until now there are  
eighty-eight vessels engaged in the  
traffic, with a carrying capacity of  
6,700,000 carcasses per annum. A single  
vessel sometimes lands at London 70-  
000 carcasses of frozen mutton. At one  
wharf 10,000 to 12,000 of such  
carcasses are handled daily and one  
warehouse will hold 250,000 of them;  
all are from Australia and New Zea-  
land. Sheep were imported into Aus-  
tralia with the convicts to Botany bay  
a little more than a century ago, and  
with the small population and the vast  
plains for grazing, flocks increased so  
that in 1867 a farmer is recorded who  
for four months of the year boiled  
down daily from 1,000 to 1,500 sheep  
for their tallow and until 1880 it was  
common in Australia and New Zea-  
land to kill flocks of sheep for their  
hides and tallow, leaving the carcasses  
to mangle the ground, as used to be  
done with cattle in South America.  
There is a difference between frozen  
and chilled meat. The meat that Eng-  
land receives from America is chilled,  
but that sent from Australia, 13,000  
miles away, must be frozen. Australia  
and New Zealand have twenty-two  
freezing works in operation, whose  
total capacity is 7,000,000 carcasses  
per annum. One of the results of the  
frozen and chilled meat trade is that  
people are now able to eat fresh meat  
who half a century ago could only get  
it as a luxury. Naturally we are less  
dependent on such food than England,  
but the growing use of refrigerator  
cars and cold storage houses is giving  
us a variety of diet that was impossible  
a few years ago.

eye Cannel. F. A. Taylor & Co.

## PHONE COMPANY

TO EXPEND \$5,000

LOCAL ENTERPRISE IS FAST  
GROWING.

Rock County Telephone Company  
Are to Put in New Cable and  
Make Other Improvements—Work  
To Commence Within Three Weeks  
Contract Not Yet Awarded.

Five thousand dollars will be expend-  
ed in Janesville this fall in additional  
improvements to be made by the Rock  
County Telephone company. Although  
the company now has accommodations for  
five hundred subscribers they find  
that they are unable to supply all who  
desire telephones.

At their central office in the Jackman  
block, corner of Main and Milwaukee  
streets, a new section will be added to  
the switch board making a total of six.  
This new section will accommodate one  
hundred more subscribers.

In the way of improvements the Rock  
County Telephone company intend to  
place a new underground cable along  
Milwaukee street extending from Main  
to Franklin streets. This cable will  
have one hundred wires and will be  
placed in the cable box that was laid in  
Milwaukee street last spring. An over-  
head cable will be placed into the first  
ward extending from Milwaukee street  
to Mineral Point avenue.

The third ward will also be invaded  
by a new overhead cable that will run  
along South First street east to Lincoln  
street.

Contract for doing the work will be  
let within the next three weeks and the  
work will be rushed to completion.

"Additional business in all parts of the  
residence portion of the city requires  
us to put in more telephones," said one  
of the leading stockholders this morn-  
ing. "The work will commence in  
about three weeks and will furnish labor  
to many men."

The agent of New York's largest  
cloak manufacturer will be at our store  
and dispose of his entire line of samples  
at about one-half their regular price.  
You can't afford to miss this sale. T.

## LOCAL CELESTIALS

VISIT OSHKOSH

ATTENDED THE CHINESE MA-  
SONIC MEETING.

They Went as Delegates, and Report  
an Excellent Time—Say There is  
Nothing Like Free Masonry—Four-  
teen Chinamen Were Taken Into  
the Order.

Sing Sam and Sing Lee, leading rep-  
resentatives of the celestial population  
of the city of Janesville, have returned  
from Oshkosh where they have been in  
attendance at an important meeting of  
Chinese Masons. They report a profit-  
able and happy time.

About sixty Celestials were present  
from all over the state, Oshkosh, Nee-  
hab and Menasha, Fond du Lac, Win-  
nebago, Deperre, Green Bay, Janes-  
ville, Watertown and Milwaukee. A  
Chinese band was present. The occa-  
sion was the conferring of the first de-  
gree in the Chinese Masonic lodge,  
there being twenty-two persons to take  
the work. Tung Jong of Chicago,  
who speaks English perfectly and  
dresses up to date American style, acted  
as master of ceremonies. He was as-  
sisted in the work by another Chicagoan  
W. Moy. An empty store was rented  
for the meeting.

According to one of their number,  
"It costed like chickens" to belong to  
the order of Chinese Free Masons, but  
as the Celestials who go into the orga-  
nization increase in importance in the  
eyes of their fellow countrymen, they  
cannot afford to stay out on account of  
the expense.

beaver, mink, martin, in fact a full line

## GREEN TOMATOES.

A Number of Good Things That Can  
Be Made With Them.

Pie.—Line the pie pan with rich paste  
and put three large tablespoonsful of  
sugar and one of flour, well mixed, on  
the bottom. Over this spread a good  
layer of sliced, cooked green tomatoes,  
then two tablespoonsful of good vine-  
gar and one of lemon extract. Bake  
with an upper crust.

Preserves.—Take small, even sized  
green tomatoes, wash and cook in  
plenty of water till the skin loosens,  
then peel and drain. Make a sirup of  
the weight of tomatoes of white sugar  
and a little water and add a sliced  
lemon. Cook slowly until thick.

Sweet Pickles.—Slice and slightly  
salt each layer of green tomatoes; let  
stand overnight, then drain off all the  
juice. Make a pickle of three pints of  
vinegar to two pints of sugar, with  
spices to suit, and pour over the to-  
matoes boiling hot. Next day drain and  
heat again and pour over as before, re-  
peating for three days, and then seal.

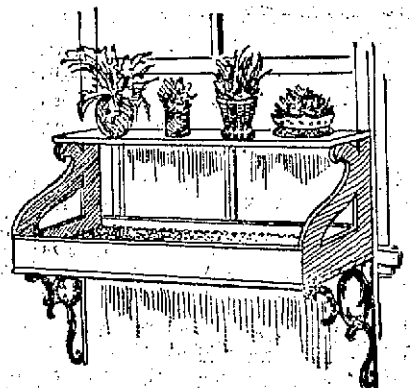

Chowchow No. 1.—One peck of green  
tomatoes, three onions, six green pep-  
pers. Chop fine and scald in their juice;  
then drain. Scald three quarts of vine-  
gar in which are two cups of sugar,  
one small cup of ground mustard, one  
tablespoonful each of cloves and all-  
spice and five tablespoonsful of salt.  
Put all together and scald two or three  
minutes. In making chowchow one can  
add to or take from any ingredient to  
suit the individual taste. Chopped  
cabbage, cucumbers, a few pieces of  
horse radish and a few pieces of chop-  
ped tart apples will not only improve  
the flavor, but keep the vinegar free  
from mold.

Chowchow No. 2.—Chop fine green  
tomatoes only, salt slightly, add a large  
cup of brown sugar to two gallons of  
the mixture and let ferment, keeping a  
weight on it, as in cabbage. Do not use  
brass or iron or any metal in cooking  
green tomatoes. Use earthen or porce-  
lain.—Good Housekeeping.

## A Neat Window Arrangement.

To make the ends of this combined  
window box and plant shelf The Lad-  
ies' World directs to select two pieces  
of half inch board 12 inches wide and  
18 inches long. Mark out the curve in  
the front edge with a pencil and follow  
on the board the lines of the inner  
open spaces.

The board can be cut on these lines  
with a sharp jackknife, but if one has  
one of the very narrow "keyhole" saws  
that carpenters use the work can be  
done very quickly. When one end is  
cut out, it can be used as a pattern for  
the other end. A bottom and two nar-

WINDOW BOX AND PLANT SHELF.

row side pieces are then nailed on,  
and a shelf is fitted to the top. Let the  
bottom of the box and the shelf at the  
top project a little to give a finish, the  
edges being neatly rounded for this  
purpose. The box and shelf will of  
course have to be made of a length to  
fit the window for which it is intend-  
ed. The whole is supported by two  
brass brackets, to be had for a trifle  
at the hardware stores.

If the window box is to contain  
plants that need quite a good deal of  
moisture, a zinc lining can be procured  
at the tinsmith's. If care is taken in  
supplying no more moisture than the  
earth can readily absorb, a wooden box  
without lining will answer very well,  
especially if the inside is thoroughly  
painted before putting in the earth.

## Bridal Etiquette.

It is quite correct for a bride to carry  
a prayer book instead of a bouquet.  
One of the prettiest wedding prayer  
books that I have ever seen contained  
merely the marriage service, the mar-  
riage certificate, blanks for the signa-  
ture of the minister who performed the  
ceremony and of the members of the  
bridal party and the near relatives  
and intimate friends who were pres-  
ent. The binding was white vellum,  
with the bride's maiden name and the  
date of the marriage engraved on the  
cover in gold letters. Such a book has  
to be made up and bound expressly for  
the person who will use it. She carries  
it up the aisle and hands it to the min-  
ister to read the service from, and it is  
a very lovely little keepsake. The  
bridal party should enter the room in  
the following order: First, the two  
ushers, who should walk together;  
then the bridesmaid, walking alone;  
then the bride, with the person who  
will give her away. The best man  
should walk behind the minister, a mo-  
ment or two before the bridal party  
come in.—Harper's Bazar.

## Earrings Once More.

That earrings are much worn is a  
fact not to be disputed, says The Jew-  
elers' Circular. They appear to be pur-  
suing a quiet and persistent advance  
toward a point where it may be said of  
them that they have "arrived" in the  
best society. Among the best dressed  
English women not only are the mod-  
est diamond or pearl solitaires entirely  
familiar, but types more important or  
lighter and more fanciful, according to  
individual taste, seem to be gaining a  
foothold, the latest fad reported being  
for gypsy rings studded with many  
small stones.

## CLUB WILL START

CURRENT HISTORY

PERFECT ORGANIZATION NEXT  
FRIDAY.

Leading Topics of the Day Will Be  
Taken Under Discussion—Form Un-  
der the Auspices of the Epworth  
League of the Court Street M. E.  
Church.

This city is to have a Current History  
club, under the auspices of the literary  
department of the Epworth League of  
the Court Street M. E. church. This  
new organization will be formed on next  
Friday evening at the residence of Mrs.  
Carrie Rogers, 307 West Bluff street.

Miss Hattie Rogers has the work in  
charge. It will be the purpose of those  
who join in this organization to study  
what is going on in the world of today;  
together with what may be of interest  
or profit in connection therewith. In  
the newspapers and magazines of today  
there is an opportunity to study current  
history that has never been anywhere  
near equalled in the past. Not to know  
what is going on in this great world is  
almost unpardonable. This club will  
not be run for Epworthians or young  
people exclusively.

It is expected that all will enter on  
this study. The newspapers and the  
articles on current events in the Review  
of Reviews, the Chautauquan and other  
magazines will be the text books. Lead-  
ers will be appointed from meeting  
to meeting and each leader will be re-  
sponsible for the meeting he or she leads.  
This plan has been under consideration  
for two months. It is hoped that it  
will prove a success.

The meeting on Friday evening is at  
7:30 p. m. Place and time of future  
meetings will be determined at that  
time.

Current History clubs are now carried  
on with large and increasing success in  
many cities and towns. There will be  
no dues at present.

"In case the Janesville club grows in  
membership," said Rev. W. A. Hall,  
"the intention is to engage a hall for  
holding the meetings."

## COURT DECISION

MAY EFFECT PAVING

JANESVILLE TAXPAYERS ARE  
INTERESTED.

Attorney William Ruger Argues That  
Beloit Common Council Had No  
Authority to Try a Special Paving  
Tax—Same State of Affairs Exist  
in Bower City.

Of special interest to the taxpayers of  
the city of Janesville is the case of Ella  
Adams vs. the City of Beloit, which was  
argued before the state supreme court at  
Madison yesterday. This is an action  
brought to restrain the city of Beloit from  
issuing a special assessment for street  
improvement. County Treasurer Thorpe  
was enjoined. William Ruger appeared  
for the plaintiff; District Attorney W.  
A. Jackson for Treasurer Thorpe and  
City Attorney John O. Rood for Be-  
loist.

Attorney Ruger in his arguments in  
behalf of Mrs. Adams, attacked the con-  
stitutionality of the section of the uni-  
form charter under which the work was  
done, this section of the charter having  
been adopted by the city of Beloit.  
The Janesville common council has  
adopted this same section and the work  
of brick paving that is now being carried  
on along West Milwaukee street is being  
done under the provisions.

The decision of the state supreme  
court will be handed down in three  
weeks and will be awaited with special  
interest in the Bower City.

### BRITISH FORCES ARE SAFE.

Gens. Yule and White Unite Their Commands.

### MASTERPIECE OF STRATEGY.

Now Is to Strike the Boers. Two Blows in Quick Succession. Before They Can Muster Their Full Strength in the Field.

London, Oct. 25.—Gens. Yule and White succeeded late yesterday afternoon in joining forces near Ladysmith, after a series of brilliant marches and one or two skirmishes with the Boers. Their total force is now less than 5,000, but they consider it sufficient to meet any combined force of the Boers and the Free Staters. Joubert may be able to lead against them.

When Joubert effects a conjunction it is estimated by the British that he will have fully 12,000. The number is probably exaggerated, but in any event the combined Boer forces outnumber the British easily two to one.

The latest reports from the front indicate that Gen. White and Gen. Yule will immediately attack a large body of Free Staters, who have just entered Natal, via Tintwa pass, and after the victory, which is confidently expected, and before Joubert can connect, they will then turn from the scattered Free Staters and offer battle to Joubert, who at last accounts was less than forty miles away.

The British commanders deem it much wiser to strike two decisive blows in quick succession than to risk battle simultaneously with two small detachments against overwhelming odds.

A sharp artillery skirmish was fought yesterday between White and Joubert a short distance northeast of Ladysmith. The battle, though in point of losses of little consequence, was of considerable value in that it covered Yule's movement and allowed him to join with Gen. White.

British reports claim that the Boer guns were silenced, but record no losses on either side.

The war department is confidently expecting an even more sanguinary battle than at Glencoe or Elandsbaag, when the combined British met the combined Boers, which may come Wednesday.

News reached Pretoria that a force from Rhodesia has attacked the Boer patrol at Rhodes' Drift, but it is not quite clear whether the assaulting party was Col. Plumer's, which was believed to be marching from Tuli some days ago, or some other force. The losses in the brush were modest, British none, Boers three horses.

The unrest among the Basutos seems to be increasing, in spite of the fact that it is clearly explained to them that the present quarrel is purely a white man's affair, in which they will not be permitted to interfere. The intimation, it was believed, would have had the desired effect but for Boer intrigue. Official British dispatches lay all the blame, if anything happens, on the shoulders of the Boers.

Perhaps the Boers are able to tell another story, however. The fear of the Basutos taking the warpath extends through the ranks of both Boers and British; because if once started there is no telling when it may be stopped.

Dr. Jameson and Col. Grey, who had gone with their former comrades in arms, have arrived at Lourenzo Marquez, where the news has just been received that two Boer attacks on Mafeking were repulsed, in all probability those of a week ago.

Kimberley reported all well on Sunday.

The Daily Telegraph, commenting upon the developments of yesterday, says:

"Allowing for the detachments which must be left to hold Ladysmith and the regularly constructed camps at Elandsbaag and other points at which are scattered parties of the enemy to be held in check, White and Yule have a force of nearly 10,000, but numerical superiority is on the side of Joubert and Kruger.

"It is near the mark to say that the Boer force is composed of Joubert's and Erasmus's columns and the remnants of Lucas Meyer's contingent, which was beaten at Glencoe and is at least 16,000 strong.

"The British have at least fifty guns and the Boers about thirty."

The Telegraph's special from De Aar, dated Monday evening, says: "The Transvaal government is issuing a proclamation declaring the district north of the Vaal river, including Bechuanaland, Boer territory, the Free State taking similar action regarding Griqualand and the area between the Vaal and the Orange rivers.

"Cronje, who was twice repulsed at Mafeking, is advancing on Kimberley and is commanding men, stores and munitions of war in British territory. He has left a small commando investing Mafeking. The Free Staters are moving westwards to join Cronje for an attack on Kimberley. The Boers are now three miles out of Kimberley, but are afraid to attack until Cronje arrives."

### BRITISH FLEET IN PERSIAN GULF.

Great Britain Is Preparing to Block Move of Russia to Suez Port.

London, Oct. 25.—It is semi-officially

stated that the objective point of the reserve fleet is the Persian gulf, where Russia is desirous of getting a port. And also that the naval commander of the chief East Indian station is now near the entrance of the gulf. The Mediterranean squadron has moved up and the channel squadron is on its way to Gibraltar and will fill the vacancies in the Mediterranean, while the home ports will unite to augment the channel squadron to any required extent.

The Times' cable from Vienna says the Tageblatt publishes the following telegram from Brussels:

"The Transvaal legation announces that France and Russia will not permit the annexation of the Transvaal and the Orange Free State by Great Britain. Dr. Leyds has received formal assurances to that effect."

It is impossible to conjecture what grounds Dr. Leyds may have for making the statement, and it is possible he has taken too literally some extravagant suggestions put forward by Russian newspapers, one of which, the Rossiya, at St. Petersburg, contains the sympathetic proposal that Great Britain should be brought to her senses by a naval demonstration of the continental powers off the coast of South Africa, in which France would take the lead.

Berlin, Oct. 25.—The usually well-informed politicians here know nothing about the proposed continental alliance against Great Britain reported by the London Daily Mail's Washington correspondent and the Paris Eclair.

### Troopship Will Be Armed.

Toronto, Ont., Oct. 25.—Canada is sending 1,000 men this week to help Great Britain fight the Boers. As it has been reported here that President Kruger has granted letters of marque to French privateers, some anxiety has been felt lest an attack should be made on the steamship Sardinian, carrying the Canadian troops. In view of such a contingency, the Canadian minister of militia has decided to equip the Sardinian with two or three rapid-fire guns. The regiment will also take two Maxims and 160,000 rounds of ammunition for them, and it is believed, can hold its own against any enemy met on the sea.

### Dawson Offers 100 Riflemen.

Victoria, B. C., Oct. 25.—Dawson, the northernmost city in the world and the most famous for its age, has offered for service in South Africa a company of 100 expert riflemen for such time as the empire has need of them, undertaking to equip and maintain this force from the time of their departure from the Klondike till their muster out.

### Wants Troops to Remain.

Washington, Oct. 25.—Gov. Steunenberg of Idaho has filed with the secretary of war a supplemental statement explaining why federal troops should be retained at Wardner, Idaho. He declares that the withdrawal of the troops would certainly be followed by loss of life, and says that the prisoners now guarded by the soldiers can be properly guarded by the state after Nov. 1.

### Jester Indicted for Murder.

Paris, Mo., Oct. 25.—Alexander Jester Tuesday was indicted on a charge of murder in the first degree. His alleged victim was Gilbert Gates, brother of John W. ### MRS. STEVENS RE-ELECTED.

Is Again Chosen to Lead the W. C. T. U. Movement.

### WAR POLICY IS OPPOSED.

Resolution Adopted Censures the Attitude of the Administration in the Philippines — Protest Against the Seating of Congressman Roberts.

Seattle, Wash., Oct. 25.—The Woman's Christian Temperance union in national convention Tuesday adopted resolutions protesting against the administration's policy in the Philippine islands, and chose officers for one year, re-electing nearly all of the former officials. Mrs. L. M. N. Stevens of Maine was re-elected president, Miss Anna Gordon vice-president-at-large; corresponding secretary, Mrs. S. M. D. Fry; recording secretary, Mrs. Clara C. Hoffman; treasurer, Mrs. Helen Barker.

Mrs. Thacker made her report as superintendent of the soldiers and sailors' department. Mrs. Evaline Graham of Maryland read a report on work among railway employees. Mrs. Mary E. Kuhl of Illinois in her report told of temperance work among miners, and the work of the department of Sunday observance was reported on by Mrs. Varila F. Cox of New York. Prior to the memorial service the

EVERY woman suffering from any female trouble can be helped by Mrs. Pinkham. This statement is based on sound reasoning and an unrivaled record. Multitudes of America's women to-day bless Mrs. Pinkham for competent and common-sense advice. Write to her if you are ill. Her address is Lynn, Mass. Absolutely no charge is made for advice. "I suffered seven years and would surely have died but for your help," writes Mrs. GEO. BAINBRIDGE, Morea, Pa., to Mrs. Pinkham. "It is with pleasure I now write to inform you that I am now a healthy woman, thanks to your kind advice and wonderful medicine. I can never praise it enough. I was a constant sufferer from womb trouble, and leucorrhoea, had a continual pain in abdomen. Sometimes I could not walk across the floor for three or four weeks at a time. Since using your medicine, I now have no more bearing-down pains, or tired feelings, and am well and hearty. I shall recommend Lydia E. Pinkham's Vegetable Compound to all my suffering friends as the greatest remedy for all female weakness."

### SAFE COUNSEL FOR SICK WOMEN

Mrs. SUSIE J. WEAVER, 1821 Calowhill St., Philadelphia, Pa., writes: "DEAR MRS. PINKHAM—I had inflammation of the womb and painful menstruation, and by your advice I began taking Lydia E. Pinkham's Vegetable Compound. Have taken four bottles and used one package of Sanative Wash and feel like a new woman. I thank you so much for what your medicine has done for me."

Mrs. M. BAUMANN, 771 W. 21st St., Chicago, Ill., writes: "After two months' trial of Lydia E. Pinkham's Vegetable Compound I can not say enough in praise for it. I was a very sick woman with womb trouble when I began its use, but now I am well."

doors of the room were closed, delegates and members were instructed to keep their seats and ushers were directed not to move about the room. The profound hush that fell upon the large assembly was impressive in the extreme. The service was presided over by the national president, while upon the rostrum sat the entire staff of the general or national officers. Mrs. Stevens announced briefly the nature of the service and read slowly and distinctly the names of the dead.

Resolutions adopted are: "We rejoice that the last year of the nineteenth century witnessed the first international peace congress, and hail the fact as a glad omen that during the century upon which we are just entering international arbitration will be the only recognized method for the settlement of international complications.

"We deeply deplore the attitude taken by our nation with respect to the Philippine islands, and since governments can derive their just powers only from the consent of the governed, we protest against the policy which would compel a foreign people to submit to the rule of the United States, and against a war through which the administration is striving to enforce its policy.

"We protest against the manifestly forced and unjust interpretation of the anti-canteen law as rendered by Attorney General Griggs of the United States, upheld by ex-Secretary of War Alger. We urge upon the chief executive, William McKinley, of our nation, as commander-in-chief of our army and navy, immediate consideration of the case which will result in such action as shall be in accord with the expressed will of the people and his own high oath of office. We pledge ourselves to renew efforts through petition letters, personal appeal."

# BOER LINKED TO BOER

THE TIES  
THAT BIND THE ORANGE FREE STATE  
TO THE TRANSVAAL  
REPUBLIC.

BY SEWELL FORD.

HOPETOWN BRIDGE  
OVER ORANGE RIVER.

THE CHAIN FERRY.

The chain ferry over the Vaal river and the Hopetown bridge over the Orange river are not the only links which bind Boer to Boer in South Africa. There are ties of blood and birth which are stronger than either of these and which do not appear either on maps or in official documents.

Not all the Boers of South Africa live in the Transvaal. The Orange Free State is an independent republic in which Boers are the dominant people. In Natal, Cape Colony and various parts of Rhodesia Boers are to be found. They are all descendants of the same sturdy sailors who landed in South Africa more than 200 years ago as agents of the Dutch Trading Company.

Every one of these Boers is at heart a hater of the British. Each one has suffered from British injustice. Many have borne arms against the Ruiks. While they are separated by arbitrary border lines, they are united by scores of common bonds which can never be severed.

When the great trek occurred half a century ago and the majority of Boers left Cape Colony for the wilderness to the north, a great company of these people reached the Orange river, that great stream which cuts Africa almost in twain. Then there was a dispute. Part of the Boers thought they would settle on the northern bank. The other part decided to push farther north.

So they divided. Those who ended their trekking by crossing the river founded what is now known as the Orange Free State. Those who pushed on across the river Vaal founded the South African Republic.

It was no serious dispute. Friendly relations have always been maintained, and the two governments have always treated with each other in a fraternal sort of way, but the policies of the men at the head of the two republics have differed somewhat. The leaders of the Orange Free State have always avoided a conflict with the British. By granting concession after concession they have maintained their independence.

The burghers of the Transvaal have not been so fortunate. At one time they were compelled to ask aid of the British in defending themselves against the Zulus. The British gave the aid, but took toll by annexing the state. The Boers protested and finally rebelled. Majuba Hill was fought, and a weak-kneed British cabinet acknowledged their independence, an act which the English have rued ever since.

The Free State Boers cannot point to any such victory as Majuba or Laingnek. They have instead the memories of such transactions as the one which wrested from them the Kimberley mines.

When in 1871 diamonds were discovered at Kimberley, Great Britain was quick to claim the region now known as Griqualand West. As the Free State also claimed it, the British purchased an old native chief's claims and pushed them as its own. Meanwhile the matter was referred to arbitration by Great Britain in the face of the Free State's protest against any arbitration.

The umpire of this so-called arbitration was a British officer. He decided in favor of Great Britain. The Free State again protested, but by this time

thousands of unruly miners had arrived. Hence the British claimed with justice that they alone were strong enough to protect the now turbulent region.

The Free State was too weak to fight, but Mr. Brand, then its president, went to London to make a last protest. Finally the Free State was induced to accept \$450,000 for the forfeiture of its claims. Since the cession that property has yielded more than \$400,000,000 worth of diamonds.

You do not need to be told that this is a memory which rankles. It is one of the bonds which bind them to the Transvaal.

In all these years that the sister republics have existed side by side there has been much intermarrying. Almost every Boer family in each of the two states has branches which have settled on the other side of the Vaal.

It was quite natural and to be expected then that a defensive alliance should be entered into between the two states. It was negotiated by President Kruger and signed at Bloemfontein, the capital of the Free State.

One article which is responsible for the attitude of the Free State in the present crisis provides that if either state is attacked the other agrees to come to its assistance with its full fighting force. Each state undertakes to help the other whenever its independence is threatened from without or within. That is why the Free State burghers are today, in arms beside their brothers of the Transvaal.

Burghers of either state can exercise the franchise in the other. Interstate laws about commando and other subjects connected with the alliance have been passed by both Volksrads. There exists a federal council, consisting of ten delegates, half from each republic, which sits every year, alternately at Bloemfontein and Pretoria, to discuss subjects of common interest, particularly mutual protection, commercial relations and proposals touching the federal union of the two states.

President Steyn of the Free State is a much younger and more progressive man than Oom Paul. He is just 42 and was born in Winburg, the little town where the Orange Free State was founded and which was its capital when its independence was recognized by England in 1854.

As a boy President Steyn had a healthy farm life, which no doubt helped to give him his fine physique. He was a good football player at school, handy with his fists, a good rider and a good shot.

He grew up both clever and strong, reaching a height of fully six feet, with breadth in proportion. Mr. Poulney Bigelow says of him:

"The whole expression of his face is eminently that of harmony and strength. His nose is a strong one, but not, as in Paul Kruger's case, an exaggerated feature of the face. Both presidents have the large ears characteristic of strong men, and both are broad between the cheek bones. The full beard of President Steyn gives him so great an aspect of dignity that I was much surprised at learning he was not yet 40 years old. His ample forehead adds to this dignity, and he has also, from much poring over books, allowed one or two folds of skin to droop upon his upper eyelids."

### Less Prospect of a Strike.

Minneapolis, Minn., Oct. 25.—The probabilities of a Great Northern strike are believed to be more remote. The grievance committee and the railroad officials are reticent, but the crisis seems to pivot about the bond question for conductors. The latter are willing to submit to the bonding system, but insist that the road must pay for the bonds. The greatest disaffection is on the Montana divisions. The employees on the eastern divisions, terminating here, are understood to be anxious to avoid trouble.

## FEEL THE CHANGE.

Hundreds Voluntarily Endorse a Scientific Product.

A Statement by a Well Known Citizen Who Has Found Great Relief by Using It.

The great good that Morrow's Kid-ne-oids are doing in Janesville for all forms of kidney and urinary disorders is being daily told by our citizens. All who use Kid-ne-oids for backache, dizziness, sleeplessness, nervousness and general debility give hearty expression of the quick relief they obtained.

Mrs. A. H. Taylor, 60 Prospekt Ave., whose husband is a printer in Kent's shop, says: "My husband has complained of kidney backache for the past two years. He was also subject to rheumatism in his joints and to spells of dizziness and nervousness. He could not sleep or rest on account of his troubles. He was treated by doctors and took different kinds of kidney remedies, but only temporary relief followed, until he heard of Morrow's Kid-ne-oids and used them according to directions. Since using Kid-ne-oids he has not complained of backache or any of his former troubles, he sleeps well and looks so much better."

Morrow's Kid-ne-oids are not pills but yellow tablets, and sell at fifty cents a box at all drug stores and at The People's Drug Co.'s store.

## A Fall Foot Festival...

In which we gathered the triumph of the shoemaker's art, surpassing in up-to-date fitness anything yet approached. We know no limit when it comes to matter of styles. We don't attempt to "fit every foot" with a just freshly advertised one shoe. The makes that have made reputations through skill and brain, such as the Hanan for MEN and the John Foster for the LADIES, are as always, alone and The Best. It costs but a little more to have your foot PROPERLY FITTED, and time will tell which is the cheapest way—to buy a good shoe at first, or be all the time run down at the heel and dissatisfied. We realize it takes time to convince a good many people into this way of thinking, but from the numbers now fitted and wearing these makes our efforts are meeting with success.

A Hanan for a Man is \$5.00 a pair.  
A John Foster for a Lady is \$4.50 a pair.  
See them—they are the Best you can find.

## Recipe for Making Bread.

This is a new recipe. Kindly give it a trial as we know good results will follow. Set your bread to rise in the morning and follow these rules closely.

To one (1) quart of lukewarm (not hot) wetting (composed of equal portions of water and sweet milk, or water alone), add two (2) half ounce cakes (1 oz) of Compressed yeast and stir until completely dissolved, then add (1) teaspoonful of salt and three (3) tablespoonfuls of sugar. When salt and sugar are thoroughly dissolved, stir in well sifted flour with a wooden spoon until a dough is formed sufficiently stiff to be turned from the mixing bowl to the moulding board in a mass. (The quantity of flour used to above wetting should be about three (3) quarts, to this flour may be added, with excellent results, about two (2) tablespoonfuls lard, if shortening is desired.) Knead this dough, adding if necessary, a little flour, from time to time until it becomes smooth and elastic and ceases to stick to the fingers or mouldboard. Then put it into a well-greased earthen bowl, brush lightly with melted butter or drippings, cover with a bread towel or blanket and set to rise in a warm place for two (2) hours, or until light. As soon as light, knead well and again place in earthen bowl, covering as before, and set for another rising of an hour, or until light. As soon as light, form gently into loaves or rolls, place in greased bread or roll pans, brush with melted butter or drippings, cover again with the towel or blanket and let stand for one and one-half (1½) hours, and then bake.

### A Complication of Relationships.

Justice Thomas McCann, of Lorain, Ohio, within 24 hours joined in holy bands of wedlock Joseph Hartman and his son, Adam to the two Bordee sisters, Katie and Gertie. An interesting complication of relationships thus arises. Of course, Gertie, who married the father, Joseph Hartman, will be both stepmother and sister-in-law to the son, Adam Hartman. Hence, if Adam and his wife have children Gertie will be grandmother to her nephews and nieces, but Katie, the son's wife, will be aunt to her father-in-law's children, and Adam will have to be an uncle to his own half-brothers and sisters. The children of the father will be aunts and uncles and cousins to the children of the son. The wife of the father becomes her own sister's mother-in-law and father and son become brothers-in-law.

### Peace Conference Note Paper.

The note paper used at the peace conference at The Hague was provided by the manager of the hotel which served as headquarters, and is decorated with a fierce design of cannon, rifles, bombs, swords and bayonets. A spider weaves his web across the bayonets, the swords lie broken in two, the cannon is spiked, and a dove bearing an olive branch sits calmly upon the muzzle.

## MAJESTIC Malleable Iron Ranges.

Yes, they're different from anything ever sold in this market. Better, too--a whole lot better.

Their first cost is little more than the old-fashioned cast iron or so-called "steel" ranges, but there's a difference, a vast difference.

The second cost of a cast iron cooking apparatus is often many times its first cost.

## A Majestic Malleable Iron Range.

Soon "pays for itself", and lasts a lifetime.

A man from the MAJESTIC factory will be with us all this week to demonstrate to our friends that the MAJESTIC will bake biscuits in THREE MINUTES, and also to show you that if properly handled they will last a lifetime.

Every purchaser of a MAJESTIC gets a set of Majestic Ware worth \$7.50—and cheap at that—ABSOLUTELY FREE! THIS WEEK ONLY
